

# 2023 ONE OF A KIND WINTER SHOW

## BOOTH SIZES + PRICING

Booth space includes 8' high pipe and white drape and booth number signage. Exhibitors must provide lighting, signage and POS equipment. Electrical, hard walls and other services are available for rental.

Due to the pipe-and-drape construction (1.5" diameter) of the booth, internal dimensions are slightly reduced (as noted below). Consider your actual booth size when making your booth display plans.
